November 10, 2005

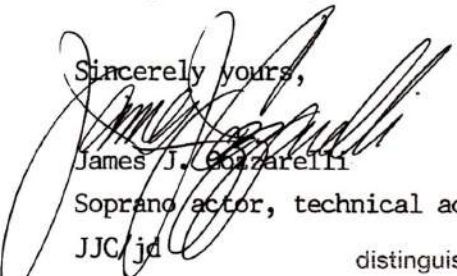

Dear Anthony:

I would like to acknowledge the consistently superior service that you provided on the set of the Cozzarelli Funeral Home, during the past several filmings of the HBO series The Sopranos. The level of security you rendered was flawless. Your demeanor was that of a supremely skilled professional. Your activity was inconspicuous and executed for the general good of the production company. You were a welcomed compliment to our staff and we will surely be engaging your services in the future.

As an actor, technical advisor and set designer for The Sopranos, I have had the experience of working with varied security vendors. I feel comfortable in my assessment that you provided exactly what HBO retained you for. Shooting was completed in a timely manner due, in part, to your thorough planning and execution. As an aside, at the onset of filming the first episode of season six many of us were concerned by the rebarbative paparazzi, but then . . . witnessed you quickly control the situation to our relief.

Once again, thank you for giving direction to our security needs which was formerly a haphazard situation. Ensuring the safety of the celebrities, staff, crew and HBO property certainly elevates everyones productivity.

Sincerely yours,

 James J. Cozzarelli

Soprano actor, technical advisor and set designer
